[et_pb_section bb_built="1" _builder_version="3.19.7" bottom_divider_color="#00104c"][et_pb_row _builder_version="3.0.48" background_size="initial" background_position="top_left" background_repeat="repeat"][et_pb_column type="4_4"][et_pb_text _builder_version="3.19.8"]
PROJECT CONCEPT Within a secured and exclusive gated compound is a row of modern townhouse façade and a towering condominium development. The project was conceptualized with green architecture and engineering making it not only serene and luxurious but also earth friendly and economical. This is evident with the project's layout that helps people enjoy nature by keeping their cars separated in a...
